## Lessons in Life

What other people think of you is  
none of your business.

Time heals almost everything.  
Give time time.

However good or bad a situation is,  
it will change.

Your job won't take care of you when  
you are sick. Your friends will.  
Stay in touch.

Believe in miracles.

God loves you because of who God is,  
not because of anything you did  
or didn't do.

Whatever doesn't kill you,  
really does make you stronger.

Growing old beats the alternative --  
dying young.

Your children get only one childhood.  
Make it memorable.

Read the Psalms.  
They cover every human emotion.

Best Life*
